

lahnur[®]

DURABLE - RECYCLABLE - INIMITABLE

lahnur®

BURSTING WITH NATURAL STRENGTH

lahnur® is a unique print medium combining formerly incompatible and even contradictory features such as durability, recyclability and sustainability to perfection!

renewable raw
materials

certified
recyclability

weatherproof

biodegradable

100%
more resistant*

certified for direct
food contact

*Based on tensile strength analyses, the tensile energy absorption of lahnur® is twice as high as that of Natron Kraft/ offset paper.

lahnur®

NATURALLY RESISTANT.

POWERFUL BENEFITS:

- ✓ lahnur® is 100 % more resistant
- ✓ lahnur® has unique haptic features
- ✓ lahnur® is weatherproof
- ✓ lahnur® is ideal for all commonly used printing procedures
- ✓ lahnur® loves further processing: grooving, creasing and folding all lead to a perfect result due to high tensile energy absorption and tear resistance
- ✓ lahnur® is certified for direct food contact

lahnur®

NATURALLY RESISTANT.

SOFT ON NATURE:

- ✓ lahnur® is recyclable
- ✓ lahnur® is biodegradable
- ✓ lahnur® is made of >80% renewable raw materials
- ✓ lahnur® is durable: suitable for multiple or long-term use
- ✓ lahnur® is FSC® certified

lahnur®

DURABLE - RECYCLABLE - INIMITABLE.

AND IS AVAILABLE:
